PET'S DENTAL APPOINTMENT.

Dental disease is a real bummer. It affects **85%** of cats and dogs over 3 years of age, and can cause painful damage to your pet's teeth and gums, or even worse, **damage vital organs like the kidneys, liver, and heart.** Those are *important* organs! Let's make sure we're protecting them with the dental care your pet needs.

3 Great Reasons for Pet Dental Care:

1. Sweet, kissable pet breath, which means even more cuddles for you and your best pet buddy.

2. Help keep your pet feeling great. Dental disease is painful, but pets often play the hero and don't let us know when something hurts.

3. Give your pet a longer and healthier life with more years - and more smiles! - with you.

We're here to help, whether your pet needs a complete dental assessment and treatment or a dental check-up and a new toothbrush for home dental care. Call us and we'll work with you to help keep your pet smiling inside and out!
